(Installed By Indcare Africa)

As per UN water organization, one in nine people worldwide doesn't have access to improved sources of drinking water. Through our experience in Africa, we developed kiosks that offer perfect healthy water solutions in rural and urban areas.

The water kiosk is available in different sizes and for different kind of water.

*It has the following features :*

- ✓ Integrated and compact solution
- ✓ Easy to operate and maintain
- ✓ Less maintenance and running cost
- ✓ Improves urban livelihood
- ✓ Environment friendly and energy efficient

**AMRUT WATER KIOSK** is ideal and useful for individual small entrepreneurs, Community, and NGOs as a solution to improve drinking water.
